

BRIEF INFORMATION

FL Mini

- › Flashing light function
- › High warning effectiveness
- › UL approval
- › SAE J845 Class 3 approval

PRODUCT FEATURES

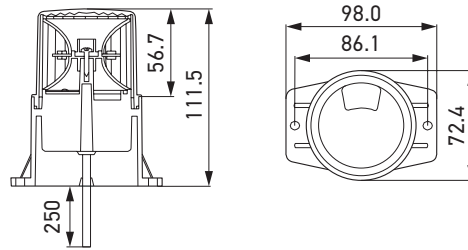

The FL Mini is a compact flashing LED beacon. LEDs are maintenance-free, they do not cause any additional costs for spare parts or maintenance. Downtime is reduced to a minimum.

TECHNICAL DETAILS

Technical data

Operating voltage range	Multi-voltage (10 – 80 V)
Rated voltage	12 V, 24 V and 48 V
Power consumption	8 W
Light function	Flashing
Material	Lens: impact resistant polycarbonate
Temperature range	-40 °C to +65 °C
Protection class	IP 67, IP X9K
Compliant	SAE J845 Class 3, UL-certified
Protection	Polarity reversal protection
Mounting	Upright
