

# FORVIA HELLA QUALITY POLICY

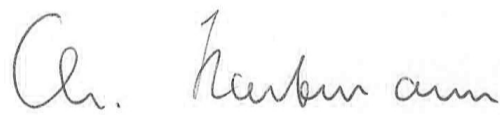

The satisfaction of our customers is one of our foremost purposes. Our performance is the basis for the economic success of FORVIA HELLA.

This means for us:

- Premium Quality including Product Safety, Product Conformity and Product Cyber Security is one of our foremost priorities and the benchmark for everything we do.
- Our ultimate goal is to achieve Zero Failures.
- We integrate all requirements and assess risks during the development of robust products, and we carefully select manufacturing methods that lead to stable production processes.
- We perform the appropriate monitoring to assure safe products and conformity of production processes.
- We sustain our employee's awareness and expertise of Quality, Product Safety, Conformity and Cyber Security by providing them with the highest level of training and education.
- Each employee is responsible to contribute to the consistent high-quality standard of our products and services through his work.
- We strive for business excellence by continuous improvement of our Corporate Management System.
