

The ENX Association supports with TISAX (Trusted Information Security Assessment Exchange) on behalf of VDA the common acceptance of Information Security Assessments in the automotive industry. The TISAX Assessments are conducted by accredited audit providers that demonstrate their qualification at regular intervals. TISAX and TISAX results are not intended for the public.

For HELLA, the confidentiality, availability and integrity of information have great value. We have taken extensive measures on protection of sensitive information. Therefore, we follow the information security question catalog of the German Association of the Automotive Industry (VDA ISA).

The audits had partly different objectives, e.g.:

- Information with High Protection Level AL 2 (remote assessment)
- Information with Very High Protection Level AL 3 (onsite assessment)

Protection of Prototype Parts and Components (PTC)

- Protection of Prototype Vehicles (PTV)
- Data Protection (DP)

The TISAX Assessment results are exclusively retrievable over the ENX portal: <https://portal.enx.com>

Following results are currently published in the ENX portal:

Scope ID	Company Name	DUNS Number	Assessment Level & Validity
SLVZFP	HAGL Hella Aglaia Mobile Vision GmbH, Germany	315424221	(AL 3 + PTC + DP) 31.03.2025
SXN10N	HAM HELLA Automotive Mexico Tlaquepaque	812826037	(AL 3) 15.03.2025
