SEMI-METALLIC SILVER BRAKE PADS

RELIANCE. TRUST. PERFORMANCE.

OE QUALITY.

SEMI-METALLIC SILVER BRAKE PADS ACTIVE BRAKING SAFETY

HELLA PAGID Semi-metallic Silver brake pads provide unmatched performance, durability, and versatility for a diverse range of applications.

- Vehicles that experience repetitive braking conditions:
- Delivery Drivers, Ride-share, Daily Commuters
- Towing and Hauling
- High-Performance Vehicles
- Recreational and Off-road applications
- Fleet and Emergency Vehicles

HELLA PAGID Semi-metallic Silver brake pads utilize a metal content greater than 50% and are formulated using a precise combination of metallic fibers, organic materials (including rubber, resin and friction modifiers) and approved fillers.

Performance: Whether navigating downtown traffic or towing your boat to the lake, HELLA PAGID Semi-metallic Silver brake pads provide excellent stopping power and enhanced braking performance.

Heat Dissipation: Greater heat dissipation reduces the risk of fading during severe or repeated braking.

Durability: The inclusion of metallic fibers increases pad durability and longevity making them the perfect option for high-performance, offroad and towing applications.

EXTENSIVE PRODUCT RANGE. OPTIMAL PERFORMANCE. **HELLA PAGID SEMI-METALLIC SILVER**

Engineered for superior braking and consistent performance across a broad range of temperatures, HELLA PAGID Semi-Metallic Silver Brake Pads are the perfect choice for replacing worn-out pads on your light-duty truck, passenger and recreational vehicles. Formulated from a top-tier semi-metallic blend, they offer remarkable adaptability under the most demanding driving conditions.

Additionally, they feature HELLA PAGID's premium rubber-steel-rubber shims, reducing noise, vibration, and harshness (NVH) characteristics.

Every HELLA PAGID Semi-Metallic pad undergoes meticulous post-curing and scorching procedures to ensure consistent frictional performance, quicker initial break-in, and heightened stopping power from the outset.

Our pads are chamfered and slotted (as applicable) to diminish braking noise and positively molded to ensure uniform friction material density.

HELLA PAGID Semi-Metallic Silver Brake Pads are environmentally friendly, meeting the stringent low copper requirements imposed by California and Washington regulations for 2021/2025.

OPTIMUM BRAKING PERFORMANCE. MAXIMUM SAFETY.
