

BRIEF INFORMATION

Cleantech 2.0 Wiper

- Aerodynamic Design
- Nano Coated Rubber
- Multi Clip System

PRODUCT FEATURES

TECHNOLOGY TRENDS

- A growing trend in OE – Up to 55% of the car park
- Improved wiping performance
- Stylish design

CHALLENGES

- Many specific arm connections and adapters
- High number of PN's = high stock!

SOLUTION (BY HELLA)

- Short range
- Multi-adapters in pack: High coverage
- New: Covers Toyota's and Mercedes

The Cleantech 2.0 wiper blades from HELLA are available for almost every vehicle model. No matter whether you only drive occasionally or are constantly on the road: it is vital to see the road clearly. High-quality wiper blades are therefore essential. They do an excellent job of cleaning the car's windscreen and are designed to keep wind noise to a minimum.
