

Citroën C3 - error message from the automatic braking system

Data sheet	
Manufacturer	Citroën
Vehicle model	C3
Engine	All models
Year of manufacture	2016 - 10/2019
Symptoms	Automatic braking system error message

Important safety note

Automatic braking system on Citroën C3 shows error message

On vehicles with Emergency Brake Assist, the error message mentioned above may suddenly appear in the instrument panel in German or English (automatic braking system fault). The message then usually appears at low speed or when the vehicle is stopped. Error codes have not been stored in the control unit

Check all system-relevant electrical and mechanical components, including the power supply, to eliminate the issue.

If a fault is not identified in this process, a software update may be necessary to eliminate the fault.

Software can be updated using Hella Gutmann macsRemote Services or a pass-thru-compatible Mega-Macs series diagnostic device. Furthermore, registered access to the vehicle manufacturer's

online portal is required. If the appropriate equipment is not available, please contact an authorised specialist workshop.
